

Fresh Local Shiitake Mushrooms **Direct from our farm to your table**

Double E Forest Farm's log-grown shiitake season begins the third week of June and continues twelve weeks to early September. Once again, the share includes 12 weekly bags each containing 12 ounces of freshly harvested mushrooms.

This year we're committed to donate 10% of all shiitake share sales to [Healthy Food For All](#). HFFA makes CSA shares available to low-income folks who otherwise might not have access to healthy, locally grown food.

Our shiitake share offers you fresh, delicious and highly nutritious log-grown shiitakes for much less than you'd pay at the store. The full share is \$120--just \$10 per week. Half shares are \$60 and can be taken weekly as a half portion (6 oz) or as a biweekly full portion. Our distribution options coincide with those of the [Full Plate Collective](#) including boxed delivery and the following pick up locations for members and non-members alike:

Wednesdays from 3pm to 7pm at Stick and Stone Farm just north of Ithaca;
Saturdays from 10am to 2pm at Three Swallow Farm in Danby;
Thursdays from 3pm to 7pm in "Press Bay Alley" 116 W Green St. Ithaca
